**Subject:** Approval of extension of the due date for submittal of the completion documentation associated with CBFO CAR 18-029, which was issued as a result of CBFO Recertification Audit A-18-14, NWP CCP TRU Waste Characterization Activities at LANL

**Reference:** NWP Letter QA:18:00268 UFC:2300.00 dated August 14, 2018 from Ms. Mary McDaniel to Mr. Dennis Miehl

Dear Ms. McDaniel:

In response to the referenced letter, the Carlsbad Field Office (CBFO) has reviewed Nuclear Waste Partnership's (NWP's) request for an extension of the due date for submittal of corrective action completion documentation associated with CBFO Corrective Action Report (CAR) 18-029, which resulted from CBFO Recertification Audit A-18-14, NWP Central Characterization Program (CCP) Transuranic (TRU) Waste Characterization Activities at the Los Alamos National Laboratory (LANL).

Additional time is necessary for NWP to complete and provide the documentation supporting completion of corrective actions for CAR 18-029.

The justification provided to incorporate all changes to Procedure CCP-TP-005 is acceptable. The CBFO approves extending the due date for submittal of the CAR 18-029 completion documentation from September 7, 2018 to October 5, 2018.

If you have any questions concerning this approval, please contact me at (575) 234-7491.

Sincerely,

Dennis S. Miehl  
 Senior Quality Assurance Specialist
