Subject: Approval of Revised Extension of the Due Date for Submittal of the Completion Documentation Associated with CBFO CAR 18-046

Reference: NWP Letter QA: 19:00143 UFC: 2300.00 dated April 4, 2019, from Dennis Ivey to Martin Navarrete

Dear Mr. Ivey:

In response to the referenced letter, the Carlsbad Field Office (CBFO) has reviewed Nuclear Waste Partnership's (NWP's) revised request for an extension of the due date for submittal of completion documentation associated with CBFO Corrective Action Report (CAR) 18-046, which was issued as a result of Recertification Audit A-18-17, *Argonne National Laboratory Central Characterization Program*.

The justification provided for the extension is acceptable. Extending the due date will allow NWP ample time to revise procedure CCP-TP-002, Attachment 3, *CCP Characterization Information Summary Cover Page*, and to undergo the CBFO review and approval process. The CBFO therefore approves extending the due date for submittal of the completion documentation associated with CAR 18-046 to May 6, 2019, as requested by NWP.

If you have any questions concerning this approval, please contact me at (575) 234-7483.

Sincerely,

Martin P. Navarrete
Senior Quality Assurance Specialist
