Subject: Submittal of the Survey Plat for Panels 3, 4, 5, and 6

Dear Mr. Cobrain:

The purpose of this letter is to submit the survey plat for Panels 3, 4, 5 and 6 as required by Part 6, Section 6.8 and Attachment G, Section G-2b of the Waste Isolation Pilot Plant Hazardous Waste Facility Permit (Permit), Number NM4890139088-TSDF. This section of the Permit requires the Permittees to submit a survey plat detailing the location and dimensions of each Underground Hazardous Waste Disposal Unit (HWDU), with respect to permanently surveyed benchmarks no later than the submission of the certification of closure of each HWDU. The plat was prepared and certified by a licensed professional land surveyor and contains a prominently displayed note that states the Permittees' obligation to restrict disturbance of the HWDU. In addition, the Permittees have updated the land records in the Eddy County Clerk's Office in Carlsbad, New Mexico, through filing of the final survey plat. The Permittees have included the survey plat and evidence of filing with the Eddy County Clerk's Office as enclosures to this letter.

We certify under penalty of law that this document and the enclosures were prepared under our direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on our inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of our knowledge and belief, true, accurate, and complete. We are aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions, please contact Mr. Michael R. Brown at (575) 234-7476.
