Re: PUBLIC NOTICE No. 20-03 - New Shaft at the Waste Isolation Pilot Plant

Dear Mr. Maestas,

This Pilot Plan has -just wrong- written all over our beautiful State of New Mexico. To whom i'm grateful to call here my home after 33 years serving as a public school teacher K-12, community artist, and authorship.

Please, let's begin with HEMP not Plastics; Health Care Healed not Busted-UP Broken; AND you and other colleagues are letting new-age monster-like Expansions of WIPP -almost secreatively- smelling of corruption without any 'We The People' and alongwith Representatives stopping these Corporate Capilists, so out-of control these days while -now- letting more Nuclear Waste be buried in and around OUR loved, public lands etc.

4 justice,

Te' zins  
or known as, Mr. Te' in helping children to embrace Reading, Writing, and creative enteractions Learning-2-Learn.
