Subject: Contract DE-EM0001971 - Approval of the Request for Extension of the Due Date for Submittal of the Revised CAP Associated with CBFO CARs 22-041 & 22-042

Reference: NWP letter CO:22:03063 UFC:4250.00 from Martha Gonzales to Mr. Daniel Burke; Subject: Extension Request for Submittal of Revised Corrective Action Plans Associated with CBFO Corrective Action Reports 22-041 and 22-042, Issued as a Result of CBFO Audit A-22-10, NWP CCP ORNL Recertification Under Prime Contract DE-EM0001971, dated June 30, 2022

Dear Ms. Gonzales:

In response to the referenced letter, the Carlsbad Field Office (CBFO) has reviewed Nuclear Waste Partnership's (NWP's) request for an extension of the due date for submittal of the revised Corrective Action Plans (CAPs) associated with CBFO Corrective Action Reports (CARs) 22-041 & 22-042, which were issued as a result of Audit A-22-10, NWP Central Characterization Program (CCP) Oak Ridge National Laboratory (ORNL) Recertification.

The justification provided for the extensions is acceptable. Extending the due date will allow NWP/CCP ample time to develop the revised CAPs for both CARs. The CBFO therefore approves extending the due date for submittal of the revised CAPs associated with CARs 22-041 & 22-042 to August 11, 2022, as requested by NWP.

This letter provides technical direction only in accordance with the Technical Direction Clause (H.10) of the contract, and may not be construed to constitute a change to the contract. Any questions concerning allow-ability under, or changes to, the contract must be resolved by Mr. Daniel Burke, CBFO Contracting Officer, at (575) 361-0008 prior to your proceeding in any manner that might obligate the Government beyond the existing contract.

If you have any questions, please contact Mr. Mike Stapleton, CBFO Quality Assurance Division, at (814) 421-3322. For all other questions, please contact myself at (575) 361-4788.

Sincerely,
