SUBJECT QA Plan for Performance Assessment Activities

TO T. Miller, Quality Assurance Manager, Westinghouse

The Westinghouse responsibilities for performance assessment as outlined in Memo 86-1179 include assuring compliance with Environmental Standards for Management and Storage, Subpart A, and Assurance Requirements, Subpart B, of 40 CFR 191.

You are requested to develop and submit a detailed and comprehensive Quality Assurance Plan to WPO/QA addressing these revised responsibilities as described above.

The WPO action item established by Memo 86-0587 will be utilized to track this assignment. Please provide WPO/QA with tentative dates as to when this plan will be drafted and implemented by October 3, 1986.
