Dear Ms. Fort:

Thank you for your letter of November 17, 1986 confirming our December 3, 1986 meeting. I too look forward to our meeting in the hope that we can alleviate those safety and health concerns to which you referred in your earlier letter and resolve this issue without the need for the formal conflict resolution procedure set forth in Article IX of our Consultation and Cooperation Agreement.

Sincerely,

R. G. Romatowski
Manager
