P.O. Box 26110

Dear Mr. Garcia:

This letter is in reference to the tour of the Rocky Flats Plant which was originally scheduled for January 6 and 7, 1992. As you are aware, the tour had to be postponed and has been rescheduled. Current plans are to conduct the tour on January 14 and 15, 1992, using the same agenda as previously discussed. Travel arrangements are the same as those recommended for the earlier tour dates.

The Department of Energy would like to request that the follow-up meeting, which was originally scheduled for January 10, 1992, be moved to January 17, 1992. The purpose and agenda for this meeting will remain unchanged.

If you have any questions regarding this matter, please contact Mike McFadden of my staff.

Sincerely,

Arlen Hunt
Project Manager
