Dear Mr. Garcia:

Enclosed is a copy of the Bin Case Data Report (BCDR) for bin #IDRFPBN910001. This is provided per a verbal request by Dr. E. Gordon of your staff.

The BCDR contains information about the contents of the waste in the first bin loaded by Argonne National Laboratories-West. This is the information generated during the loading and characterization processes taking place at the generator site.

If you have any questions regarding this material, please contact Mike McFadden of my staff at 885-7302.

Sincerely,

Arlene Hunt
