Dear Messrs. Trego & Hunt:

The New Mexico Environment Department (NMED) will hold public meetings on the application for the test phase at the Waste Isolation Pilot Plant (WIPP) currently under review by NMED. A schedule of meeting dates, times and places is enclosed.

The public may have questions at these meetings which are relative to the application or history on the application. NMED staff may need assistance with those questions and therefore is requesting that the applicant be represented at the meetings. The representative for the applicant may also be expected to field questions related to the permit.

Please advise me as soon as possible of DOE/WID representation.

Thank you in advance for your assistance in this matter.

Sincerely,

Kathleen Sisneros, Director
Water & Waste Management Division
