RE: WIPP WACC Seminar

Dear Ms. Loughead:

In order to more effectively evaluate the WIPP Waste Acceptance Criteria Committee documents which the Department receives for review and comment, a couple of our technical staff attended a WIPP WACC Seminar held in Carlsbad, NM. The Seminar was reported to have been very beneficial. It was presented by Paul Drez. Due to the addition of new staff it would be of great benefit to have this seminar repeated, in Santa Fe if possible, so these new staff and others who have expressed interest can get up to speed on the WIPP WACC process. With the favorable reports that we received, our preference would be for the seminar to be presented by Paul Drez. If possible, we would like to have the seminar arranged for later this month or early in December. Thank you in advance for your efforts in expediting this request.

Sincerely,

*Neil S. Weber*
