Dear Mr. Garcia:

This letter transmits responses to the request for information regarding Chapters C, E, F, G, H and J of the Waste Isolation Pilot Plant (WIPP) Resource Conservation and Recovery Act (RCRA) Part B permit application. Each chapter is individually bound. These requests for information were provided to the Department of Energy (DOE) and Westinghouse Waste Isolation Division by the New Mexico Environment Department (NMED) in letters dated August 25, September 25, September 29, and October 19, 1992.

Also enclosed are revisions to all chapters of the permit application. These revisions reflect the guidance given by the NMED and focuses the permit application on the Test Phase activities. Please note that we have only provided copies of materials that were revised or added to the application. We intend to provide the NMED with a complete submittal after completion of the NMED review process.

The DOE and Westinghouse have signed the certification statement in the revised Part A, Chapter A of the permit application, since the information in the Part A is complete. Per discussion with your staff, we will defer signing the certification statement in the Part B until the final submittal of the revised application.
