 **ENTERED**

JAN 27 1993

Ms. Judith M. Espinosa, Secretary
New Mexico Environment Department
P.O. Box 26110
Santa Fe, NM 87502

Dear Secretary Espinosa:

This letter transmits fifteen copies of the Resource Conservation and Recovery Act Part B Permit Application, Rev. 3. This is a revised permit application prepared by the Waste Isolation Pilot Plant. This revision was prepared in response to the Notice of Deficiency (NOD) received from the New Mexico Environment Department on December 18, 1992.

One of the fifteen copies has been designated as the original and, as such, contains the signed certification statements. The other copies do not contain signatures.

Also, enclosed are three (3) copies of our responses to your December 18 NOD. Both the NOD responses and the Part B text are being provided on computer disk for your convenience.

Under separate cover, we are providing copies of the application to the New Mexico reading rooms as you requested and to the U.S. Environmental Protection Agency.

Questions regarding the Part B permit application should be addressed to Dr. J. A. Mewhinney at (505) 887-8143.

Sincerely,

Arlen Hunt
Project Site Manager
