OFFICE OF THE SECRETARY

File - 10/18/94

Ms. Judith M. Espinosa, Secretary
New Mexico Environmental Department
P.O. Box 26110
Santa Fe, NM 87502

Dear Ms. Espinosa:

Please find enclosed our revised Chapter G, Contingency Plan, of the Resource Conservation and Recovery Act (RCRA) Part B permit application.

The format of this Chapter's revision, as with all of our permit application submissions, is such that changes from the original test phase application are noted to facilitate the review of the application.

Upcoming submissions to be sent by October 12, 1994 are Chapter F, Procedures to Prevent Hazards, and Chapter H, Personnel Training. Chapter D, Facility and Process Description, and Chapter I, Closure/Post-Closure Plans and Financial Requirements are scheduled to be sent to you by January 6, 1995.

Again, as I stated in our September 30, 1994 submittal letter, we are pleased to begin working with the State of New Mexico and look forward to continuing positive dialogue with those on your staff who are responsible for the RCRA reviews. If you have any questions or require further information, please contact me at (505) 234-7300.
