Ms. Kathleen Sisneros
New Mexico Environment Department
Camino de Los Marquez #4
PO Box 26110
Santa Fe, NM 87502

Dear Ms. Sisneros:

A draft of the Carlsbad Area Office Stakeholder Outreach Strategic Plan is enclosed. This draft incorporates the thinking and cooperation of our stakeholder outreach team. The purpose of the Strategic Plan is to chart an ambitious course for involving our stakeholders regularly in the process leading to a WIPP disposal decision. This plan is intended to support and dovetail with overall CAO Strategic Plan, which is forthcoming in early 1995.

Before we adopt and publish this plan, I would like to hear your insights, comments and suggestions. Please review this draft of the Carlsbad Area Office Stakeholder Outreach Strategic Plan and let me know what you think by January 17, 1995. My phone number is (505) 234-7327, if you have any questions.

We will consider and address all comments and suggestions in finalizing this plan, bearing in mind that it is a living document and will change to meet emerging needs.

Sincerely,

Dennis Hurtt
Manager
Intergovernmental and External Affairs
