Dear Sarah:

I want to put in writing my request to receive copies of revised chapters of the WIPP RCRA (HWA) permit application submitted to NMED on January 6, 1994.

Please also send me copies of any further submittals to NMED concerning this permit application. I understood from the stakeholder meeting on September 26, 1994 that chapter revisions would be made available to stakeholders, and by letter dated October 19 I requested that any revised chapters of the application be sent to me. Nevertheless, the January 6 revisions were apparently not sent.

The schedule of submissions distributed by Jim Mewhinney on September 26 shows further submittals on March 2, 1995 and May 31, 1995. Please make certain that copies of these submittals are sent to me.

The same schedule shows stakeholder meetings on January 30, 1995 and March 23, 1995. Please advise me whether those meetings are to be held and, if so, where and at what time. You are undoubtedly aware that there is a DOE-EPA technical exchange scheduled to occur on January 31, 1995 in Washington.

Thank you for seeing to these matters.

Best regards,

A handwritten signature in cursive script that reads "Lindsay".
