**Subject: TRANSMITTAL OF THIRD QUARTERLY RESOURCE CONSERVATION AND
RECOVERY ACT/HAZARDOUS WASTE PERMIT FEE**

Dear Ms. Hoditscheck:

The purpose of this letter is to transmit the third quarterly Resource Conservation and Recovery Act/Hazardous Waste Permit fee on behalf of the U.S. Department of Energy's Waste Isolation Pilot Plant (WIPP). This payment is in accordance with the December 14, 1994, letter from Mr. G. E. Dials to the New Mexico Environment Department regarding the permit fee payment schedule. As discussed with your office previously, the DOE has decided to increase the last two fiscal year (FY) 1995 payments to avoid internal budgeting problems. Consequently this quarterly fee payment is larger than in previous quarters.

Enclosed is a payment for \$392,652 for the third quarter of FY 1995. The remaining payment will be made in September 1995, for \$392,652. The September remittance will complete the payment of the permit fee for a total of \$940,484.

The WIPP is committed to the permitting process and welcomes any questions or comments you may have on the permit fee payment process. If you have any questions, please contact me at (505) 234-8200.

Sincerely,

C. M. Cox
