Albuquerque, New Mexico 87110

Dear Mr. Irish:

**RE: Contract Award for Technical Review of WIPP RCRA Part B Permit Application**

The New Mexico Environment Department (NMED) received bids from three contractors for the technical review of the WIPP RCRA Part B application by the May 25, 1995, deadline. The NMED Hazardous and Radioactive Materials Bureau (HRMB) established a contract review committee which used the required components for proposals and the proposal evaluation criteria to rank the submittals. Upon completion of the committee's work, Belfort was not selected to assist NMED in reviewing the WIPP RCRA Part B application. We appreciate your submittal, and will keep your company on file for future reference. If you have any questions, please contact Mr. Steve Zappe of my staff at (505) 827-4308. Thank you for your effort in preparing this bid for the Environment Department.

Sincerely,
