Mr. John G. Darabaris
A.T. Kearney, Inc.
One Tabor Center, Suite 950
1200 Seventeenth Street
Denver, Colorado 80202

Dear Mr. Darabaris:

RE: Contract Award for Technical Review of WIPP RCRA Part B Permit Application

The New Mexico Environment Department (NMED) received bids from three contractors for the technical review of the WIPP RCRA Part B application by the May 25, 1995, deadline. The NMED Hazardous and Radioactive Materials Bureau (HRMB) established a contract review committee which used the required components for proposals and the proposal evaluation criteria to rank the submittals. Upon completion of the committee's work, A.T. Kearney has been proposed to be awarded the contract to assist NMED in reviewing the WIPP RCRA Part B application. We would like to schedule a meeting on July 12, 1995, to sign the contract, establish a work schedule, and initiate the completeness determination phase of the project. Please contact me at your earliest convenience at (505) 827-4358.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ed Kelley".

Ed Kelley, Ph.D.
Director, Water & Waste Management Division
