Dear Mr. ^{Steve}Zappe:

Enclosed are replacement pages for the RCRA Part B application recently submitted to you. This replacement was discussed with you on July 18, 1995. Due to the fact that the revised text does not contain any information critical to the review of the application, and that you had the correct page in electronic copy, the decision to accept and make the page change was made. Please replace Page C7-1 and the reverse page C7-2 in the documents in your possession. I will be providing the correct pages to your district offices, the Environmental Protection Agency (EPA) Office of Solid Waste, EPA Region VI, Sandia National Laboratories and the Department of Energy. Westinghouse will ensure the pages are provided and replaced in the reading rooms and libraries.

If you have any questions, please contact me at (505) 234-7452.

Sincerely,

Craig A. Snider
Compliance Engineer
