Good Morning!

The New Mexico Environment Department will host the 57th WIPP Quarterly Review meeting, currently scheduled for Thursday, February 13, 1997, at 8:30 AM. This is the later of the two tentative dates proposed at the previous quarterly, and was selected because it does not conflict with EPA's public hearings on the Compliance Certification Application and the conference room at NMEMNRD was available. Check your schedules to ensure this date is open - if you have an insurmountable conflict, call me as soon as possible.

By this letter I am soliciting agenda items to follow the usual status/activity reports from DOE, EEG, NMED and NMEMNRD. Please provide me (827-1561, fax 827-1544) with your suggestions for topics, presenters, and time allotment before Tuesday, January 14, so I can create a draft agenda and return it for your review. Thanks for your help, and have a happy holiday season!

Sincerely,

Steve Zappe
