Dear Mr. Zappe:

I am writing to introduce myself and to thank you for your review and advice on EHC's booklet *Frequently Asked Questions on the Waste Isolation Pilot Plant (FAQs)*. My colleague Dawn Amore asked me to send you several copies of the *FAQs*.

Currently, EHC is working to develop a resource list of WIPP experts in New Mexico. Our goal is to identify key individuals with differing expertise on WIPP and nuclear waste (i.e., transportation, radiation, storage, risk, generator sites, public involvement, etc.) and who are interested in being actively involved in ongoing communication and public education on WIPP. I am very interested in your advice and/or participation in this program. I will contact you via phone in the next few weeks to discuss this.

Again, thank you for your assistance with the *FAQs*. We appreciate your time and effort. If you need additional copies or have any questions or concerns, please contact me at 202-974-2487.

Sincerely,

*Kimberly C. McCauley*
