COMMENTS

Mark & Ken -

Attached are names, titles, and organizations of people tentatively attending the WIPP tour on Tuesday, October 28. No additional names will be added to the list, but some may be removed as the date draws nearer. We will be flying down, arriving at the air terminal some time between 8:15 and 8:30 AM that morning. We need you to provide us with transportation to the site in the morning and back out to the air terminal that afternoon. Our return flight time is still uncertain, but will probably be no later than 4:00 PM.

We request permission to bring cameras. As I mentioned earlier, we would like to see the Waste Handling Building (CH Bay, RH Bay and Hot Cell), the usual stuff underground, possibly the Exhaust Filter Building, and the CMR. I believe Susan McMichael will make further arrangements to meet with DOE and WID legal staff following the tour. Let me know if you need any further information. Thanks for your help!

**NMED WIPP Tour Attendees
Tuesday, October 28, 1997**
