**REPLY TO
ATTN OF:** CAO:NTP:DW 97-1554 (UFC 2300.00)

SUBJECT: Evaluation of Responses for: Corrective Action Reports (CARs) 97-083 through 97-100 and CARs 96-009, 96-012 and 96-013

TO: J. A. Legare, RFFO

We have evaluated your responses as submitted via your memorandum dated October 6, 1997. The results of this evaluation may be found on the accompanying CAR continuation sheets. The following 6 of the twenty one responses were found to be acceptable: 96-013, 97-084, 97-094, 97-097, 97-098, 97-100. The remaining fifteen responses were determined to be unacceptable and require additional responses to be submitted to CAO by November 12, 1997.

The results of the evaluation for the responses to Observations will be submitted to you under separate cover letter.

To facilitate our verifications and closures of those CARs with pending corrective actions, please notify this office when the corrective actions are complete. Also, be advised that a primary focus during verification activities will be to assess the extent and impact of these CARs on past and present work as well as their respective root causes and actions to prevent recurrence.

If you have any questions or if you need additional information, please call me at (505) 234-7478.
