NM ENVIRONMENT DEPARTMENT
 OFFICE OF THE SECRETARY

Dear Mr. Weidler:

DEC 1997

The U.S. Department of Energy's Carlsbad Area Office (CAO) has moved into a new building at 4021 National Parks Highway. This move allows for a more centralized operation by consolidating employees from various locations in Carlsbad and at the Waste Isolation Pilot Plant site into one in-town facility.

In addition to our new address, there are new fax numbers and some new phone numbers. I wanted to let you know of these changes to avert surprises or unnecessary inconvenience. My office phone number is the same, 505-234-7300, but the fax number is now 505-234-7027. If you need assistance with any phone numbers or fax numbers, please call 505-234-7245.

You will soon receive from the Cowperwood Company, owner of the building, an invitation for the ribbon cutting and building dedication ceremonies scheduled for December 16 from 11 a.m. to 1 p.m. I want to extend a personal invitation to you to join the CAO in these ceremonies and share in the refreshments for this occasion.

I look forward to seeing you at the dedication. If you have any questions, please call Ms. Karen Mikel at 505-234-7206.

Sincerely,

George E. Dials
