This is the final notice concerning the upcoming 61st WIPP Quarterly Review meeting. The meeting is scheduled for **Thursday, January 29, 1998, at 8:30 AM**, and will be held in the second floor conference room at the NM Energy, Minerals, and Natural Resources office at 2040 South Pacheco, Santa Fe.

Attached is the final agenda which reflects all of your input. DOE preferred not to give formal presentations on a few suggested topics but indicated a willingness to discuss those issues before the lunch break; The NMAG's Office declined a DOE request to discuss expected litigation; and EEG, as expected, agreed to discuss all topics suggested for and by them. I look forward to seeing you all in Santa Fe on the 29th.

Any questions about the agenda? Call me at 827-1536.

Sincerely,

Tom Tatkin
