Subject: Copies of WIPP Drawings

Dear Mr. Dinwiddie:

Consistent with your request dated February 6, 1998, we are providing you with 25 copies of Figure A2-3, *Topographic Map with Underground Facilities* of our RCRA Part A Permit Application and WIPP Drawing 51-W-214-W, *Underground Facilities Typical Disposal Panel* of Appendix D3 of our RCRA Part B Permit Application. The copies are stamped "For Information Only" as you requested.

Please note that we did update the Figure A2-3 Map as discussed in our telephone conversation on February 9, 1998, with Mr. Steve Zappe. We added phrases such as "of the permit application" to references to chapters and figures so that the reader will know they refer to the permit application instead of the permit. A markup reflecting those changes is also included.

Should you have any questions regarding this information, please contact Mr. Craig Snider at 505-234-7452 or Mr. J. R. Stroble at 505-234-8256.

Sincerely,

George E. Dials, Manager  
Carlsbad Area Office  
U. S. Department of Energy

Joe Epstein, General Manager  
Waste Isolation Division  
Westinghouse Electric Company
