Dear Messrs. Dials and Epstein:

RE: Request for additional items incorporated into draft permit

The Hazardous and Radioactive Materials Bureau (HRMB) has identified several more items which it will incorporate into the WIPP draft permit. These drawings are in addition to those requested and already provided by your staff. Please provide HRMB with twenty five (25) copies of the following items from your permit application:

- Design drawings from Appendix H of "Detailed Design Report for an Operational Phase Panel-Closure System," DOE/WIPP-96-2150 from Appendix I1
- Sandia Report SAND96-1326/2, "WIPP Shaft Sealing System Compliance Submittal Design Report, Volume 2 of 2: Appendix E" from Appendix I2 (unbound, 3-hole punched)
- Drawing Number 41-F-087-014, "Waste Handling Building 411 Firewater Collection System Flow Diagram" from Chapter G

Please ensure these drawings are marked as informational copies and have no expiration date. Submit them to HRMB no later than Friday, March 20, 1998.

If you have any questions, please contact Mr. Steve Zappe of my staff at (505) 827-1561.

Sincerely,

Robert S. (Stu) Dinwiddie, Manager
