Dear Mr. Dimwiddie -

Please extend the comment period on the WIPP Hazardous Waste Permit & release the sampling analysis for public comment.

DOE's waste sampling & analysis plan greatly differs from the proposal in their

permit application.

I ask you to always
keep in mind the big
picture of your responsibil-
ity to the well-being
of the land & its people
& not sacrifice this
precarious balance to
the pressures of profit
& power.

May you walk
in balance &
beauty.
