Erin -

Attached are DOE's comments on the WIPP draft Permit in a zipped archive. Once you get them unzipped, you can open the file with WordPerfect 6/7/8 or MS Word. As I mentioned on the phone, if you find you need the DOE's proposed edits to the draft Permit, send me another message and I'll zip them up and send you the whole batch. Let me know if you have any problems!

Steve Zappe
