Good Morning!

The New Mexico Environment Department will host the 65th WIPP Quarterly Review meeting, currently scheduled for Thursday, January 28, 1999, at 8:30 AM. This is a change from the tentative date proposed at the previous quarterly, and was selected to accommodate several participants' busy litigation schedule... ah, 'tis the season! I checked with Chris Wentz and the meeting will be held at NMEMNRD as their conference room was available. Check your schedules to ensure this date is open - if you have an insurmountable conflict, call me as soon as possible.

By this letter I am soliciting agenda items to follow the usual status/activity reports from DOE, EEG, NMED and NMEMNRD. However, I understand a subject of discussion after I left the last meeting dealt with suggestions for improving the solicitation and formulation of agenda items. Please provide me (827-1560, ext 1013, or fax 827-1544) with your suggestions for topics, presenters, and time allotment before Tuesday, December 22, so I can create a draft agenda and return it for your review. Thanks for your help, and stay warm!

Sincerely,

Steve Zappe
