COMMENTS

Don -

I had to borrow Chris Wentz's access card to get on the WWIS. Enclosed are reports for RFETS shipments 3 and 4, and the soon to be RFETS shipment 5, and a revised repository report detailing the number of containers characterized, certified, shipped, and emplaced.

Regarding the announced INEEL shipments, we received a memo dated July 8 from Lori Fritz of INEEL to Butch Stroud which contained Revision 2 of the non-hazardous waste determination for IDC 300 waste. However, we received this document on July 19. I will find out more at the WIPP Quarterly meeting tomorrow.

Nobody will be checking the WWIS during my absence. I will be back on August 25.
