Steve,  
Thanks for the information. I have ensured your name is back on the distribution list and you will receive bi-weekly updates of the draft assessment schedule which is what my procedure requires. If I can be of further help please let me know - and I'm glad to know you aren't leaving.  
Lea

Lea -

I'm afraid you may have me confused with Chris Wentz, who no longer serves as the coordinator for the New Mexico Radioactive Waste Consultation Task Force - Bill Mackie took his place. On the other hand, I am with the New Mexico Environment Department, and the WIPP permit we will be issuing by the end of this month REQUIRES that we receive these draft audit schedules "on a monthly basis." I just wanted to make sure I hadn't been dropped off your e-mail distribution so that you wouldn't be out of compliance with the permit when it becomes effective. Please, for your sake, ensure that I remain on your list until I personally ask you to remove my name and replace it with my successor (which I don't foresee happening for a l-o-n-g time!). Thanks for your assistance!
