RE: Request for WWIS information on WIPP shipments and more

Please fax me the following:

- 1) WWIS report on the shipments of wastes from Rocky Flats to WIPP subsequent to RF990021.
- 2) Confirmation of the date shipped and date received of RF990021 (the version that you faxed me showed a certification date of 11/02/99, but no shipment or receipt dates).
- 3) WWIS information about any future shipments from any site to WIPP.
- 4) Current WWIS repository report showing certified containers at each site and drums emplaced by each site at WIPP.
- 5) Recent memo from John Shea regarding future shipments scheduled to WIPP.

Thank you very much for your cooperation.
