RE: EPA ID# NMD089416416, Waste Storage Extension to 90 day rule

Dear Mr. Hawley:

Pursuant to your request and circumstances described in your letter of July 19, 1991, Bloomfield Refining Company has an additional 30 days in which to store two 55 gallon drums of Heat Exchanger Bundle Cleaning Sludge and one 55 gallon drum of Leaded Tank Bottoms. Since July 21, 1991 was the original expiration date, it will now be extended to August 20. We are authorized by the New Mexico Hazardous Waste Regulations (HWMR-6 as amended 1991), Part III, 40 CFR §262.34(a)(4)(b), to give you this extension.

If you have any questions regarding this matter, please contact Mr. Tom Tatkin at 827-2929.

Sincerely,

Edward L. Horst
Health Program Manager
Hazardous and Radioactive Waste Bureau
