Re: Surface Impoundment Retrofit
Bloomfield Refining Company
NMD089416416

X1

Dear Mr. Hawley:

The Environmental Protection Agency (EPA) has reviewed the information you submitted in your letter dated September 2, 1993, concerning retrofitting three surface impoundments. The information is inadequate and a determination as to compliance with the minimum technological requirements (MTRs) cannot be made based on this submittal. I am enclosing for your information a copy of a review of another facilities MTR submittal. The name of the facility has been deleted and where appropriate the word "you" has been inserted. This enclosure details the type of information that EPA will need to make a determination on your request to retrofit your impoundments.

Should you have any questions, please contact Barbara Driscoll at (214) 655-7441.

Sincerely,

William K. Honker, P.E.
Chief
RCRA Permits Branch (6H-P)

Enclosure
