Subject: Transfer of Ownership

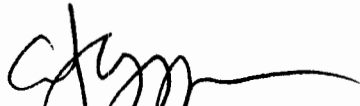

Dear Sir or Madam:

Bloomfield Refining Company (BRC), a wholly-owned subsidiary of Gary-Williams Energy Corporation of Denver, Colorado, is formally notifying the State of New Mexico Environment Department of the sale of the Bloomfield, New Mexico refinery to San Juan Refining Company (SJRC), a wholly-owned subsidiary of Giant Industries Arizona, Inc. effective October 4, 1995. BRC and SJRC request that the refinery's RCRA operating requirements under EPA I.D. Number NMD 089 416 416, and the pending Part B Operating Permit Application for Hazardous Wastewater Treatment Surface Impoundments be transferred to SJRC. Within six months of the official date of transfer, SJRC plans to demonstrate compliance with the applicable financial requirements. An amended Notification of Regulated Waste Activity and an amended Part A for the RCRA Operating Permit Application will be submitted in the near future.

If you have any questions concerning this matter, please contact either Paul Rosswork for BRC at (303) 628-3800 or Kim Bullerdick for SJRC at (602) 585-8850.

Sincerely,
