RE: Extension Request for CMS Draft Report
Bloomfield Refining Company
EPA ID # NM089416416
RCRA § 3008(h) Order Administrative Order on Consent
U.S. EPA Docket No. VI-303-H

Dear Mr. Shelton:

This letter is in response to the request from Giant Refining Company (Giant), dated October 24, 1995, received by the Environmental Protection Agency (EPA) on October 31, 1995. Giant's letter requested a sixty (60) day extension to the due date for submission of the draft CMS Report.

EPA has reviewed the information contained in the above referenced request letter and has determined that an extension for submitting the draft CMS report is justified. As such, the draft CMS report is now due by the close of business on December 27, 1995. Pursuant to the requirements of the Order, if the CMS report is not completed by this date, EPA may impose stipulated penalties.

If Giant, or their consultants, have any questions regarding the draft CMS report, or any other questions or comments, please do not hesitate to call me at (214) 665-8317.

Sincerely yours,

Greg J. Lyssy
