**RE: Beneficial Use of Delisted K-051 Waste
Giant Refining Company-Bloomfield(GRCB)
GW-001, "San Juan Refining Company"
San Juan County, NM**

Dear Mr. Shelton:

The New Mexico Oil Conservation Division (OCD) has received the GRCB proposal dated October 28, 1996 for the **GRCB, San Juan Refining Company GW-001** facility located in the **NW/4 NE/4 and the S/2 NE/4 and the N/2 NE/4 SE/4 of Section 27, and the S/2 NW/4 and the N/2 NW/4 SW/4 and the SE/4 NW/4 SW/4 and the NE/4 SW/4 of Section 26, Township 29 North, Range 11 West, NMPM, San Juan County, New Mexico.** The GRCB request is to use the Delisted waste in the amount of 2,000 cubic yards for "berm" material at the GW-001 facility. The request does not include a showing that WQCC and OCD regulations would be met by the proposed beneficial use, and that ground, and surface water would be protected.

Based on the information outlined above, **the requested use of the delisted waste is hereby denied, until GRCB can show that the soil use will not cause 20 NMAC 6.2.3103 or cause 19 NMAC 15.A.11 to be violated.**

Sincerely,

Roger C. Anderson
Environmental Bureau Chief
