

MEMO

TO: Dr. Ed Kelley
THROUGH: Jerry Bober
FROM:  Steve Pullen
SUBJECT: Giant Refinery Company - Bloomfield (GRCB) surface water contamination
DATE: January 3, 1997

The HRMB received notice yesterday that a petroleum hydrocarbon "seep" is currently occurring from the bluffs below the GRCB into the San Juan River. HRMB understands that GRCB fulfilled it's notifying requirements to federal, state and local authorities, and that the SWQB has also received notice. Efforts are underway to determine the regulatory status of this release.

Attached is the GRCB monthly report giving notice of the release. See item #2.
