Dear Ms. Monzeglio,

Giant Refinery – Bloomfield has tentatively scheduled the annual groundwater sampling campaign to start the week of August 8, 2005.

Giant will be following the directives from NMED's Conditional Approval of North Boundary Barrier Collection System Design and Monitoring Plan Phase II dated May 9, 2005 as well as the guidelines from the Corrective Measures Study and Corrective Measures Implementation letter dated January 6, 2003. In conjunction, OCD guidance will be followed per the Site Investigation and Abatement plan letter dated December 30, 2002.

The construction design of MW #24 does not accommodate monitoring and Giant proposes deleting this well from the monitoring program. Giant also proposes removing P-#4 and P-#5 from the monitoring program and replacing them with MW #48 and MW #49.

If any representatives from the NMED Hazardous Waste Bureau would like to participate, please contact me so that safety orientation training can be scheduled for incoming personnel.

If you need additional information, please contact me at (505) 632-4161.

Sincerely,

Cindy Hurtado
