August 1, 2006

**RE: Giant Refining Company, Bloomfield Refinery  
EPA ID# NMD089416416**

Dear Ms. Monzeglio,

Giant Refinery – Bloomfield has tentatively scheduled the annual groundwater sampling campaign to start the week of August 15, 2006.

Giant will be following NMED's guidelines from the Corrective Measures Study and Corrective Measures Implementation letter dated January 6, 2003. In conjunction, OCD guidance will be followed per the Site Investigation and Abatement plan letter dated December 30, 2002.

The construction design of MW #24 does not accommodate monitoring and Giant proposes deleting this well from the monitoring program. Groundwater elevation measurements will be taken on all monitoring wells, recovery wells, observation wells, and collection wells. Wells that are included in the River Terrace Voluntary Corrective Measures Work Plan will not be incorporated into this sampling event as that project is on a quarterly sampling schedule.

If any representatives from the NMED Hazardous Waste Bureau would like to participate, please contact me so that safety orientation training can be scheduled for incoming personnel.

If you need additional information, please contact me at (505) 632-4161.

Sincerely,

Cindy Hurtado  
Environmental Coordinator  
Giant Refining – Bloomfield

Cc: Ed Riege – Environmental Superintendent – Giant Refining  
Randy Schmaltz – Environmental Manager – Giant Refining  
Wayne Price – New Mexico Oil Conservation Division – Santa Fe
