Subject: Up-Date for Group 4 and Group 5 Field Activities

Importance: High

Good Morning Hope,

As you know, we are ramping-up our coordination efforts for the up-coming Group 4 and Group 5 field work. As of yesterday afternoon, we were able to confirm the driller's availability to mobilize to the Bloomfield Refinery on **Monday, August 16th, 2010**. Our initial intention is to start with the Group 4 drilling and sampling activities while we coordinate the utility location work for the Group No. 5 Tank Farm drilling efforts.

If you have any questions regarding this schedule, or would like any additional detail at this time, please feel free to contact us at your convenience.

Thank you for your time!

Kelly R. Robinson
