CERTIFIED MAIL - RETURN RECEIPT REQUESTED

April 28, 1994

Mr. David C. Pavlich  
Route 3, Box 7  
Gallup, New Mexico 87301

**RE: Approval of Characterization Plan for the RCRA Land  
Treatment Unit (Facility Closure Activity)  
Permit ID Number NMD000333211-2**

Dear Mr. Pavlich:

We have completed our review of the March 1994 document, "Land Treatment Unit Characterization". The final version of the plan will be used for full or partial closure of the Land Treatment Unit. The enclosure accompanying this letter discusses deficiencies in the plan which must be properly addressed prior to the granting of an approval.

An acceptable format to facilitate further review will be to incorporate the appropriate changes into the plan, shading all new materials and showing the strike-out of all deletions. The revised plan may then be presented on a 3½-inch floppy disk in Word Perfect 5.2 format. In a cover letter, please indicate the page and paragraph where the change corresponding to our comments appears in the revised plan.

We request your response to this matter within 30 days from the time you receive this letter. Your continued cooperation is appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Hoditschek".

Barbara Hoditschek, Manager  
RCRA Permits Program  
Hazardous & Radioactive Materials Bureau
