P.O. Box 26110  
Santa Fe, New Mexico 87502

**Ciniza Refinery, Land Treatment Unit  
RCRA Post-Closure Application - Replacement Attachments & Appendix  
Technical Review - Revision 0.2**

Dear Mr. Cobrain:

Enclosed are the replacement Attachments and Appendix for the Ciniza Refinery Part B, *Post-Closure Permit Application - Land Treatment Unit*, Revision 0, April 1998. The header information for all affected Attachments and Appendix reflect the updated date, March 2000 and new revision number, Revision 0.2. Note that Appendix E-*Early Detection Monitoring Plan* and F-*Detection Monitoring Plan* from Revision 0.1, combined to be Appendix E-*Post-Closure Monitoring Plan* reflect the changes requested from the New Mexico Environment Department, Hazardous and Radioactive Materials Bureau and is identified as Revision 0.2.

Attachments and Appendix replaced are:

Volume I

- Table of Contents
- Attachment C Waste Characteristics
- Attachment D Land Treatment Unit Program History
- Attachment E Post-Closure Monitoring
- Attachment G Contingency Plan
- Attachment I General Closure & Post-Closure Requirements
- Attachment J Solid Waste Management Units
- Attachment J-1 EPA Region 6 Human Health Media-Specific Screening Levels (1999)
- Attachment L Certification

Volume II

- Table of Contents
- Appendix B Waste Analysis - *deleted*
- Appendix E & F Combined in Revision 0.1, becomes *Post-Closure Monitoring Plan*
- Appendix E Modified in Revision 0.2

Mr. David Cobrain
