RE: Groundwater Monitoring Plan and New Wells

Dear Mr. Price and Mr. Cobrain:

Per our meeting on July 23, 2003 (at Ciniza) and the subsequent submittal of Ciniza's Discharge Plan Renewal Application of September 10, 2003, Giant plans to drill new wells in the WNW and NNW corner of the site to improve the groundwater monitoring of the site.

With this letter we are requesting your concurrence that the plan as stated in Section 9, page 1 will satisfy your requirements for groundwater monitoring and compliance in this area of the property.

Please contact me at 505.722.0227 or @ [dmancini@giant.com](mailto:dmancini@giant.com) with any questions or concerns regarding this request. Thank you for your assistance.

Sincerely,

Dorinda Mancini  
Environmental Manager, Ciniza Refinery
