Hope, I just realized the current discharge plan calls for annual sampling of the inlet to Pond 2 and you asked for sampling of the inlet to pond 1, is that what you meant. GWM-1 does have water but analyses have been good.

Thanks Ed

Ed

Please sample twice in the next 5 months.

Have you found any water in the new well GWM-1 (north of the aeration ponds)?

Let me know if you have any other questions.

Thanks

Hope

Hi Hope,

Item 13 of your June 1, Ciniza letter requests biannual sampling of EP-1 IN. Ciniza has not sampled this point this year. Do you want two samples taken in the next 5 months or to start the biannual sampling next year.

Thanks Ed
