(SWMU NO. 8) REVISED REPORT
GIANT REFINING COMPANY, CINIZA REFINERY, HWB-GRCC-06-001
EPA ID #: NMD000333211**

Dear Mr. Riege:

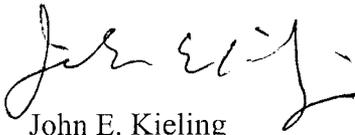

The New Mexico Environment Department (NMED) has received Giant Refining Company, Ciniza Refinery's (Permittee) revised report entitled *Remedy Completion Report For Railroad Rack Lagoon (SWMU No. 8) Revised Report* (Report), dated October 10, 2006. As required in NMED's Notice of Deficiency (NOD) dated June 29, 2006, a response letter detailing where the revisions have been made, cross-referencing NMED's numbered comments was not include with the Report. As stated in the NOD, the Permittee must submit a response letter that details where all revisions have been made, cross-referencing NMED's numbered comments. If the Permittee chooses not to submit the response letter, NMED will perform a complete review of the document as if it were a new submittal and asses the fee for document review under 40 CFR 20.4.2.208 as a Remedy Completion Report.

The response letter to the NOD that should accompany the revised report must be submitted to NMED on or before November 6, 2006 if the Permittee wishes to avoid being assessed the document review fee.
