Importance: High

Carl:

I double checked with operations staff here. The fire started at 11:50 PM on Tuesday December 26 and lasted for an hour or so early Wednesday morning.

In my email to Hope last week I had inadvertently put down Sunday night forgetting that last week was Christmas holiday week and that we had Monday and Tuesday off so Wednesday seemed like Monday to me.

Sorry for the confusion.

Jim Lieb

Jim:

I recommend that you take another look at your C-141 for accuracy. It is my understanding that the original fire and release occurred on Sunday, 12/24/2006. Please reassess what you've submitted and make any final corrections and resubmit to me. Thanks.

Carl:

The OCD's C-141 Form for the recent fire incident is attached. Once again we apologize a more faster notification was not made due to the circumstances (Holiday)

Regards,
Jim Lieb
