Mr. Ed Riege
Environmental Superintendent
Western Refining, Gallup Refinery

**RE: CLASS I PERMIT MODIFICATION
WESTERN REFINING SOUTHWEST, INC.
GALLUP REFINERY
HWB-GRCC-MISC
EPA ID # NMD000333211**

Dear Mr. Riege:

The New Mexico Environment Department (NMED) received a letter from Western Refining Southwest, Gallup (Gallup) dated January 14, 2008 indicating that Giant Refining was renamed Western Refining Southwest, Gallup. NMED sent an email on January 17, 2008 informing Gallup that a Class I Permit Modification would need to be submitted to NMED to reflect the name change and that the modification should reference 20.4.1.900 NMAC incorporating 40 CFR 270.42, Appendix 1.A.1 (administrative and informational changes).

To date, NMED has not received the Class I Permit Modification. Gallup must complete the Class I Permit Modification and submit all applicable information to NMED so the Permit accurately reflects the legal name of the owner and operator.

Gallup must submit the Class I Permit Modification to NMED on or before by April 30, 2008.
